Descrizione

Go through the town of Albugnano, to the church of Sant'Antonio, and continue further in the direction of Schierano.

After passing the Santa Lucia farmhouse, turn slightly to the left, leaving the road and proceeding to the south-east following the ridge.

Pass near the aqueduct reservoir and head towards the village of Primeglio, on a very scenic road.

Go through the village of Primeglio, where the Le Rondini agriturismo is located, going southwards, passing by the cemetery and then on the "Bric delle Pietre" (hill of stones), to reach the road.

Follow the main road to access a detour to the right after about 1 km.

Cross the village to arrive in the centre.
