Descrizione

Continue on the provincial road for about 150m past the medieval bridge, then turn left into Via Colletta. The road climbs the homonymous valley and ends after about 2.5km at the Nadin Houses (725m). Behind the village there is a fork: keep the left until the narrow saddle of the Colletta (799m - a short deviation leads to the namesake mountain). The path runs on the side of the Varaita Valley along the wooded ridge and leads to the intersection for Pian del Colletto, where some ups and downs in a beech forest come onto the VBT (Bronda Valley Trek).
