## **Descrizione**

### **ACCESS**

From Cuneo to Borgo San Dalmazzo, take the Valle Gesso, pass the Municipality of Valdieri, turn left and then Entracque and then Trinità, continue to Colletta Sottana (sign for the ferrata), turn left and after the bridge, turn left roofs for Violin (parking).

### **ITINERARY**

From the car park follow the yellow markings will get to the start. Beautiful and demanding path, built in a beautiful environment, suitable for those who already have a little familiarity with this type of activity. There is still a chance to avoid the most difficult stretches with trails. The ferrata dei funs looks very challenging and spectacular. The first section is definitely the most challenging with several steep steps (you can choose the normal way or the hard way). Then continue on a very steep path, partly equipped and well marked, until you get to a second jump of rock that you can reach through a path, longer, avoiding the first part. Here the second part of an easy stretch, but not trivial until it makes a traverse that leads to a rope bridge, beyond which you go before reaching the summit. Also this last part can be prevented through a stretch less challenging.

### **DESCENT**

the descent from the summit at times is on path and partly equipped.

Large overhanging stretches and excellent view, recommended for those who have already gained good experience.

You should be assessed at the start the feasibility of the route considering that once the climb started is very difficult to go back.

**Accesso con mezzi pubblici** No

Maggio-novembre

**Accessible to people with disabilities** No

**Interesse devozionale** No

**Interesse storico** No
