Arrival altitude
1550 m

Descrizione

At Tetti Donzelle at 1516 m, we leave the main branch that leads to the Don Barbera refuge to follow the A6 section towards the Mongioie refuge 1,520 m. You thus first pass the Colla di Carnino 1597, then not far from the Grotta delle Vene, one of the countless attractions of the Natural Park in which the trek develops. After passing a bridge, you meet the road that soon leads to the Mongioie refuge 1,520 m.
