Descrizione

Is the route of the GTA's highly frequented trails. Starting from the Rifugio Don Barbera on the shores of Lago dei Signori, we proceed along the Via del Sale, a well-known MTB route that can also be enjoyed on foot, passing Col della Perla (2,086 m), Cima del Becco (2,300 m) and Cima Beccorosso (2,211 m). We continue along the path that passes high up into French territory, crossing Colle della Boaria (2,102 m), reach Colle della Perla (2,086 m) and continue towards Colle di Tenda (1,870 m), where we begin the descent towards Limonetto along the ancient Strada Romana (L14), a splendid mule track that is still well preserved for long stretches, used over the centuries as a trade route between Piedmont and the Côte d'Azur. Near Limonetto in Loc. Panice it is possible to stay overnight (Albergo Panice).
